## *What can I re-cycle?*

Check your house and garage for disused electronics you wish to safely dispose.

E-Waste refers to a wide range of electronic products that can be recycled, including:

- Computers and Laptops
- TVs, Monitors, LCDs and VCRs
- Computer Components
- Stereo Components
- Printers, Copiers and Scanners
- Telephone and Cellphone Equipment
- Cables, wires and power supplies
- Modems, Routers and Fax machines

\*\*No batteries and light bulbs.

## *Why re-cycle?*

Every day, U.S. consumers get rid of 137,000 computers and 355,000 cell phones. Only 10% are recycled. The vast majority of electronics are simply thrown away creating toxic hazards.
